MEMORANDUM FOR THE SECRETARY, 

Subject: U.S. COMINT Effort on Chinese Communist Communications.

1. At a recent meeting, the United States Communications Intelligence Board expressed concern over the inadequacy of the communications intelligence now being obtained on the Chinese Communists.

2. In order to leave no stone unturned in an attempt to ameliorate this situation, USCIB decided that, second only to our efforts against Russian communications, every possible effort must be directed toward solution of the Chinese Communist COMINT problem.

3. Accordingly, USCIB directed that:

a. All feasible pressure be exerted on the Chinese Nationalists to obtain their agreement for granting intercept base rights.
