105 "shot down one T-28 and one L-19 capturing the pilots alive." "shot down one aircraft and captured alive the pirate American". - DIA preliminary assessment; DIA concurs with the initial NSA correlation for this case and offers 1968 as another candidate possibly related. The SIGINT indicates an aircraft was shot down. and a pilot captured alive. The plane was not shot down, an O-1A, Refno 1967, collided with an A-7, Refno 1968. The pilot of the A-7 survived and was captured. The pilot mentioned being captured was Refno 1968 vice 1967.
