		<p>1. Request an unclassified contract with Mr. William F. Friedman to perform the necessary research, compilations of data, and provide such services and supplies as are necessary to complete the following projects:</p> <p>a. Project 1: Prepare a manuscript of the text for a series of six lessons containing unclassified data designed for the technical orientation of new NSA employees. Basic outline of lectures is shown in Paragraph</p> <p>b. Project 2: Prepare a set of photographic negatives and prints to accompany the manuscript called for under Project 1, and which shall serve as illustrative material for the data contained in those lessons.</p> <p>c. Project 3: Prepare a set of lantern slides for use in connection with a series of six lectures which shall be based upon and coordinated with the six lessons called for under Project 1.</p> <p>d. Project 4: Prepare a voice recording of the six lectures, each approximately 50 minutes in length, the lectures to be based upon the materials called for under Projects 1, 2, and 3.</p> <p>2. Basic outline of the six lessons and lectures is:</p> <p>a. Basic terminology and an account of cryptology from the earliest days of the invention and development of secret writing, and devices or means for secret communication, and of means and methods of solving such writings, devices, and means for secret communications.</p> <p>b. Cryptology in the 15th and 16th Centuries.</p> <p>c. Cryptology (American and British) during the period of the American Revolution and the period thereafter up to the time of the U. S. War Between the States (Civil War).</p> <p>d. Cryptology (Federal and Confederate) during the Civil War.</p> <p>e. Cryptology in the period from the end of the Civil War to the end of World War I.</p> <p>f. Cryptology in the period from the end of World War I to the end of World War II (Unclassified material only).</p>						

Approved for Release by NSA on 11-18-2013 pursuant to E.O. 13526
