SUBJECT: Intercept Assignment at Monitor Station Six
THRU: Chief, Intelligence Division, SPSIS-9
TO: Director of Communications Research, SPSIS-3

KJA

1. Attached as Tab "A" is the intercept mission in effect at Monitor Station Six, Philippine Islands, during December 1941.
2. Tab "A" includes an outline of the intercept and traffic forwarding directive in effect at Monitor Station Six on 1 December 1941, together with all changes made during that month; this outline was prepared from a basic assignment dated 8 October 1940 and subsequent changes thereto which were sent by radiogram.
3. This information was obtained from material in the Communications Branch central file. These files are being retained temporarily in SPSIB-4 and are available for inspection.
4. A summary of traffic intercepted at Station 6 during the month ending 22 November 1941 can be prepared upon request from records available in SPSIB-4; no traffic dated later than 22 November 1941 was received according to these records.

1 Incl
Tab "A"

1. Intercept Assignment of Monitor Station Six as of 1 December 1941

a. Coverage:

- (1) Japanese Military Circuits
- (2) Commercial circuits, in order of priority as follows:
 - (a) Berlin to Tokyo
 - (b) Bangkok to Tokyo
 - (c) Batavia to Tokyo
 - (d) Manila to Tokyo
 - (e) Tokyo to Manila
 - (f) Saigon to Tokyo
- (3) Search for following:
 - (a) Long wave transmissions on above listed commercial circuits.
 - (b) Long wave transmissions on any other circuits, with priority to Tokyo, Berlin, and Moscow transmitters.
 - (c) Broadcasts of Japanese coded traffic.

b. Types of traffic to be submitted:

- (1) All Japanese, German, Italian, Mexican, and Spanish government traffic.
- (2) Russian government code addressed to Komavnech, Polpred, or Narkomindel.
- (3) German, Italian and Mexican government plain-text.

c. Means of forwarding traffic:

<u>Radio</u>	<u>Clipper</u>	<u>Registered Mail</u>
1. Japanese Diplomatic code, having 5-digit indicator in the first few groups.	1. "LA" code	1. All military traffic.
2. Japanese code broadcast.		2. Diplomatic Traffic other than types forwarded by Clipper or radio.
		3. All plain-text.

2. Changes In Intercept Assignment Made During December 1941:

a. 2 December: Copy all Japanese plain-text.

(Att. 1)

7 December: Forward by priority enciphered radio all Japanese plain-text messages ending with the English word STOP.

(Att. 2)

9 December: Drop all current directives. Obtain fullest possible coverage of Japanese Army traffic. Forward by radio as much as possible of best copies of this traffic. Forward remainder by fastest available means. (This was the last directive to be radioed to the Philippine Detachment.)

(Att. 3)
