Got a call at 1245 this date from [redacted] noting that there will be a meeting the GC's office to discuss the monographs which were re-classified during the trip to Lexington in October '81.

Understand that following will be on hand: [redacted]

Dr. Jollensten and [redacted] from P1; and someone from Q4,

probably [redacted] They asked me to be there, too-- at 1000 Monday, 9 April.
